

Scholars are too deep

in it,  
but shit  
grips.

Literally, it  
can, of course.

In metaphor:  
He's a good,

or She's full etc.  
Hangovers, too,

arrive from Vic-  
torian potty drills.

In one tribe, though,  
Chief Mongo drops  
a huge one & dances

follow. After the  
local mead & weed,

everybody fucks.  
But that's another story.

Isn't it?
